CENEX® FLEET CREDIT CARD SUMMARY OF TERMS (THE "SUMMARY")

The following information summarizes certain terms of the Cenex® Fleet Credit Card Agreement (the "Agreement"). The Company, as the applicant, will be contractually liable to CHS Inc. ("CHS") under the terms of this Summary, as well as the Agreement. The Agreement will be provided to the Company with the card once the account is approved and set up.

Use of Cards

The cards are to be used for business or agricultural purposes, and not primarily for personal, family or household purposes.

Payment Terms

The Company will pay the balance due in full net 25 days.

Finance Charge

If the Company does not pay its balance in full, the Company shall incur a finance charge of 1.5% per month or 18% annually. In addition, the Company will be in default under the Agreement, and CHS, at its option, may take a number of actions set forth in the Agreement, including but not limited to, requiring immediate payment of the outstanding balance, or suspending or terminating the account.

Calculating the Finance Charge

The Finance Charge is computed by adding the balance at the end of each day in the billing period and dividing that sum by the number of days in that period.

The balance outstanding each day is determined by adding purchases and charges and subtracting payments and credits from the balance outstanding on the previous day, excluding any unpaid finance charges.

Dishonored Payment Fee

If any check or other payment the Company presents to CHS is returned unpaid, the Company may be assessed a dishonored payment fee under the Agreement to the extent permitted by law.

Automated Facilities

The Company may be able to make automated fuel purchases, which are purchases of petroleum products or oil obtained on credit through electronic card operated terminals at certain locations accepting the Card. The Company agrees that use of the Card and the corresponding entry of sales data through the electronic card system will evidence the Company's agreement to pay for such purchases.
